

SETTLEMENT AGREEMENT

This Settlement Agreement is entered into by and between the Fair Housing Center of Central Indiana (“FHCCI”), and LaPorte Equities, LLC, Construction Management & Design, Inc., Alan R. Collins, Chris L. Collins, Property Management & Maintenance, LLC, J.S.L. LLC, J.S.L. & Associates, David Wells and James Lenczowski (collectively, “Respondents”).

I. PURPOSES OF THE SETTLEMENT AGREEMENT

WHEREAS Respondents are the developer, manager, owner, designer, architect, and/or builder of Tippe River Downs, owned by LaPorte Equities, LLC (“Subject Property”).

WHEREAS, the FHCCI conducted an investigation of the Subject Property during the period 2019 to 2020. The FHCCI’s investigation of the Subject Property included on-site visits, reviews of publicly available plans and certificates of occupancy for sites, and a review of images and information available online. FHCCI identified what it alleges to be violations of the accessibility requirements of the Fair Housing Amendments Act (“the Act”), 42 U.S.C. §§ 3604(f)(1), (f)(2) and (f)(3)(C) which are applicable to multifamily dwellings designed and constructed for first occupancy after March 13, 1991, including the Subject Property, and the Americans with Disabilities Act, Title III, 42 U.S.C. §12181 et seq. which applies to areas that serve the general public including the rental office and public parking areas constructed after January 26, 1993;

WHEREAS, FHCCI has prepared and is ready to file a complaint in federal district court alleging multiple violations of the Act’s accessibility requirements by Respondents at the Subject Property;

WHEREAS, Respondents have employed ADA Consultants of Indiana, an independent third-party consultant, to conduct a survey for compliance with the Act’s design and construction requirements at the Subject Property and the results of that survey have been reviewed and considered by FHCCI and Respondents in reaching this Settlement Agreement;

WHEREAS, FHCCI has alleged that a significant number of covered dwelling units in Respondents’ properties are not located on accessible routes and cannot feasibly be located on accessible routes. In addition, many covered dwelling units which may feasibly be located on an accessible route lack accessible and usable sinks in bathrooms and/or do not have the required

clear floor space at toilet, tub and outside the swing of the bathroom door and have other violations of the accessibility requirements.

WHEREAS, FHCCI and Respondents desire to resolve these claims voluntarily and without the need for expensive and possibly protracted litigation and, to that end, they have agreed to the following terms by which the FHCCI's allegations are fully and finally resolved.

II. RELEVANT PROVISIONS OF LAW

The Fair Housing Act

A. The FHA provides that, for residential buildings with an elevator consisting of four or more dwelling units, all units that are designed and constructed for first occupancy after March 13, 1991, are "covered multifamily dwellings" and must include certain basic features of accessible and adaptive design to make such units accessible to or adaptable for use by a person with a disability. 42 U.S.C. §§ 3604(f)(3)(C) and (f)(7)(A).

B. The FHA provides that, for non-elevator residential buildings with four or more dwelling units, all ground-floor units that are designed and constructed for first occupancy after March 13, 1991, are "covered multifamily dwellings" and must include certain basic features of accessible and adaptive design to make such units accessible to or adaptable for use by a person with a disability. 42 U.S.C. §§ 3604(f)(3)(C) and (f)(7)(B).

C. The accessible and adaptive design provisions of the FHA require that for covered multifamily dwellings: (i) the public use and common use portions of such dwellings are readily accessible to and usable by persons with a disability; (ii) all the doors designed to allow passage into and within all premises within such dwellings are sufficiently wide to allow passage by persons with a disability using wheelchairs; (iii) all premises within such dwellings contain the following features of adaptive design: (I) an accessible route into and through the dwelling; (II) light switches, electrical outlets, thermostats, and other environmental controls in accessible locations; (III) reinforcements in bathroom walls to allow later installation of grab bars; and (IV) usable kitchens and bathrooms such that an individual using a wheelchair can maneuver about

the space. 42 U.S.C. § 3604(f)(3)(C). These features are referred to herein as the “Accessible Design Requirements.”

D. For the purposes of this Settlement Agreement, the parties agree that the Subject Property was designed and constructed for first occupancy after March 13, 1991, and therefore all the units in buildings with elevators and the ground-floor units in non-elevator buildings at the Subject Property are “covered multifamily dwellings” within the meaning of the FHA, 42 U.S.C. §§ 3604(f)(7)(A) and (B). As such, those units and the public and common use areas including the accessible pedestrian routes at the Subject Property must comply with the Accessible Design Requirements of 42 U.S.C. § 3604(f)(3)(C).

The Americans with Disabilities Act Title III

E. The ADA, and the ADA Standards for Accessible Design, ADA Accessibility Guidelines for Buildings and Facilities, 28 C.F.R. pt. 36, app. A (the “ADA Standards”), that have been issued by the U.S. Department of Justice to implement the design and construction requirements of Title III of the ADA, also require that all “public accommodations” designed and constructed for first occupancy after January 26, 1993, and the goods, services, facilities, privileges, advantages, or accommodations of those public accommodations, be readily accessible to and usable by persons with disabilities in accordance with certain accessibility standards promulgated under that Act. 42 U.S.C. §§ 12182(a) and 12183(a)(1). A rental or sales office for an apartment or condominium is a “public accommodation” under the ADA. 42 U.S.C. § 12181(7)(E).

F. For the purposes of this Settlement Agreement, the parties agree that the leasing offices for the Subject Property were designed and constructed for first occupancy after January 26, 1993, and therefore the leasing offices and the facilities and privileges provided at those offices such as bathrooms and public parking are required to be designed and constructed in accordance with the standards promulgated under the ADA. Only the leasing offices at the Subject Property that are public accommodations are subject to the ADA under this Settlement Agreement. Common use areas and other amenities that are not public accommodations are subject to the

FHA, but not the ADA, under this Settlement Agreement. This Settlement Agreement does not apply to employee-only spaces or commercial-only spaces at the Subject Property.

III. TERMS OF THE SETTLEMENT AGREEMENT

Based upon the foregoing recitals, the Parties agree as follows:

B. Respondents and each of their officers, employees, agents, successors and assigns and all other persons in active concert or participation with them agree that they will not discriminate based on disability as prohibited by the Fair Housing at 42 U.S.C. Sections 3604(f)(1) – (3) and the Americans with Disabilities Act, 42 U.S.C, Sections 12182(a) and 12181 (a)(1) and further agree that they will comply with the accessibility provisions as described above in all properties designed and constructed for first occupancy after the Effective Date of this Agreement.

C. The Effective Date of this Agreement is the date on which the last party to the Agreement executes the Agreement. The Parties agree that this Settlement Agreement may be executed in one or more counterparts, each one of which shall be deemed to be an original, equally admissible in evidence, but all of which shall constitute one and the same instrument. Electronic or facsimile signatures may be deemed to be an original signature for all purposes.

D. The Term of this Agreement is four years from the Effective Date.

IV. RETROFITS AT THE SUBJECT PROPERTY

A. Design and Construction Requirement Application

At the Subject Property, all ground-floor units in all non-elevator buildings are “covered units” within the meaning of the Act. Each covered unit at the Subject Property, and the public and common-use areas at the Subject Property, are subject to the design and construction requirements of the Act.

B. Responsible Entity

LaPorte Equities, LLC is responsible for all expenses for any architectural design, surveys, inspections, structural changes, construction, procurement, and all expenses relating to retrofitting and remediation at the Subject Property.

C. Retrofitting of Public and Common Use Areas at the Subject Property

1. Respondents agree to take all appropriate steps to make the public and common use areas of the Subject Property comply with the Standards as described in this Agreement.
2. The Parties have agreed to a Punch List of specific remedial actions that will provide accessibility in the public and common use areas of the Subject Property. The terms of the Punch List are attached as Attachment A and are incorporated herein by reference and enforceable as part of this Settlement Agreement.
3. The Parties have agreed to a Plan for remediation that provides the time frame for completion of the Punch List actions for the public and common use areas of the Subject Property. The terms of the Plan are attached as Attachment B and are incorporated herein by reference and enforceable as part of this Settlement Agreement.

4. All remedial actions in the public and common use areas of the Subject Property shall be completed within 48 months from the Effective Date.

5. The Parties recognize that, during the process of retrofitting the public and common use areas of the Subject Property for full compliance with the Standards, occasionally certain issues may arise which are cost-prohibitive or otherwise difficult to implement. FHCCI will not unreasonably withhold, delay or condition approvals to vary compliance on specific items in the Punch Lists or alterations described herein in the event the Respondents make a reasonable request for a variation.

D. Retrofitting of Dwelling Units at Villas

1. Units at Villas (“Villas”) are units located at Tippe River Downs which are located in buildings with four, six, eight, or ten units and where there is an exterior entrance to each unit.

2. For Villas, LaPorte Equities, LLC agrees to take steps to make the exterior of the Villa units compliant with the requirements for Accessible Units under the ICC ANSI A117.1-09, Chapter 11 as specified in the Punch List, Appendix A. Further, LaPorte Equities, LLC agrees that upon the request of any tenant either already residing in a unit or leasing a Villa unit for the first time, it will make reasonable modifications to the interior of the unit at the request of the tenant or applicant if the modification is necessary due to a disability within thirty (30) days from the date of the request. These modifications may include the addition of accessible hardware throughout the unit, an accessible route into and through the entire unit and out the back door to the patio or yard, increasing clear floor space to the extent feasible at the lavatory, toilet and bathing facility, changing the sink to provide an accessible forward approach, and installation of grab bars in one or more bathroom.

E. Additional Modifications Upon Request and Notice to Residents

1. In addition to the actions described in Section VI. C. and D., the LaPorte Equities, LLC agrees to provide funds for a Modification Fund to increase accessibility for any resident of the Subject

Property. To pay for those modifications, LaPorte Equities, LLC agrees to deposit in an interest-bearing account the sum of \$20,000 for each property to pay for modifications to individual units or to the exterior of the Subject Property at the request of any resident in addition to the alterations described above.

2. LaPorte Equities, LLC will send a written notice to each leaseholder of a dwelling unit at the Subject Property within thirty (30) days from the Effective Date informing the leaseholders at the Subject Property of the potential availability of structural modifications to the interior or exterior of individual units and notifying the leaseholder that he or she may, on account of his or her own disability or the disability of a household member, have those modifications performed without charge on an expedited basis within 30 days by making a written request. These modifications may be made without cost to any resident. Each new approved applicant for a unit at the Subject Property during the Term of the Agreement shall be notified in writing at the time of leasing that she or he may request that structural modifications needed because of a disability be made to his/her unit. Respondents retain the right to verify the non-apparent disability status and/or disability-related need of a resident, occupant, or visitor if a requested modification is outside the scope of the Act's accessibility requirements.

3. At the expiration of the Term of this Agreement, any funds remaining in the Modification Fund shall be donated to a fund established by FHCCI to increase awareness about accessibility requirements in housing in Indiana in an amount not to exceed \$50,000, which is cumulative for all involved entities. Any funds in excess of \$50,000 remaining in the Modification Fund at the expiration of the Agreement will revert back to LaPorte Equities, LLC and other contributing entities.

F. Inspection of Alterations Performed

1. Respondents agree to inform FHCCI in writing of the completion of the agreed upon alterations from the Punch List at the Subject Property within thirty (30) days of the completion of the alterations. Respondents agree that an independent qualified professional, agreed to by the parties, will conduct an on-site inspection of the agreed upon alterations within sixty (60) days of the completion of the alterations and to prepare a written report describing the alterations, including photographs and measurements, and whether or not the alterations comply with the modifications agreed to by the Parties on the Punch List. The report shall be provided to FHCCI when it is completed. If this inspection indicates that any of the required alterations have not been made as specified herein, Respondents agree to correct any deficiencies within thirty (30) days of that notice or the time allowed by the original timeline, whichever is later, and provide documentary and photographic evidence of the correction of such alterations to FHCCI upon request.

G. Reports of Compliance

Annually, for the term of this Agreement, Respondents shall provide to the FHCCI a report summarizing its progress in complying with the terms of this Agreement. The report shall include, at a minimum, the following:

1. A list of remedial actions in the public and common use areas at each Subject Property that have been completed during the previous year.
2. A list of addresses for all Villas that have had corrective actions completed during the previous year including the actions which have been taken.
3. A list of all requests, including the address, for modification of individual units and the date on which the corrective action was taken.

4. The name of the entity who is responsible for compliance with the Agreement.

H. Sale or Transfer of an Ownership Interest in the Subject Property

1. Transfer of Subject Property

The sale, foreclosure, or any other transfer of ownership, in whole or in part, whether voluntary or involuntary, of any of the Subject Property shall not affect Respondents' continuing obligation to retrofit any Subject Property as specified in this Agreement. Should Respondents or any of its components sell or transfer ownership of any Subject Property, in whole or in part, or any portion thereof, prior to the completion of the retrofits specified in this Agreement, Respondents will at least thirty (30) days prior to completion of the sale or transfer: (a) provide to each prospective buyer written notice that the Subject Property is subject to this Order, including specifically Respondents' obligations to complete required retrofit work and to allow inspections, along with a copy of this Agreement; and (b) provide to the FHCCI, by email and first-class mail, written notice of the intent to sell or transfer ownership, along with a copy of the notice sent to each buyer or transferee, and each buyer's or transferee's name, address, and telephone number.

V. COMPENSATION

A. Settlement Payment

Respondents agree to make a Settlement Payment, no later than ten (10) days after the Effective Date, in the amount of Two Hundred Seventy-Five Thousand Dollars (\$275,000) as compensation to FHCCI, including attorneys' fees, costs, and litigation expenses, if applicable. This amount represents the cumulative payment for all involved entities. Payment will be made by check payable to Relman Colfax PLLC, 1225 19th St. NW, Suite 600, Washington, DC 20036.

VI. RELIEF IN THE PUBLIC INTEREST

1. Respondents agree to adhere to all federal, state, and local fair housing laws.

Each training session must be at least two hours in length and include the basics of fair housing laws including accessibility requirements, reasonable accommodations and reasonable modifications. Respondents and their agents may participate in this training remotely. If the trainings are not provided by FHCCI, Respondents shall provide proof of completion to FHCCI by email within 30 days of each training.

4. Within 30 days from the Execution Date, Respondents shall develop a Reasonable Accommodation/Modification policy which explains the procedure for making a request and identifies one or more individuals who may accept such requests. Respondents shall submit its policy to the FHCCI for review and approval. Within 30 days from FHCCI's approval, Respondents shall distribute the policy to all tenants and will provide a copy of the policy to all new tenants during the term of this Agreement.

We do not discriminate on the basis of race, color, religion, national origin, sex, familial status, or disability."

6. Respondents shall maintain records demonstrating compliance with each of these terms, including certificates of attendance at fair housing training and make those records available for inspection by the FHCCI upon written request with at least 14 days notice.
